INVISIBLE COLLECTION

About Invisible Collection

Founded in 2016 by Isabelle Dubern-Mallevays, Anna Zaoui, and Lily Froehlicher, Invisible Collection is the leading online gallery for discovering beautiful designs from the world's most renowned talents.

The state-of-the-art online platform offers access to a unique and curated inventory of bespoke creations internationally, entirely made by exceptional craftsmen with unparalleled expertise. Celebrating the icons of tomorrow and the vanguards that paved the way, certified B-Corporation, Invisible Collection champions sustainable luxury by promoting local production and heritage, with a made-to-order model. Since 2021, Invisible Collection offsets the carbon emissions of its transport and delivery, and supports United in Design, a charitable organisation that addresses the lack of diversity in the design industry.

In Spring 2023, Invisible Collection introduced ClubRoom, a new concept boutique for all things design. Bridging the worlds of style, design, vintage and curiosities, ClubRoom provides access to carefully selected pieces, including one-off collaborations and exclusive drops, immediately shoppable. Following its launch, Invisible Collection has since expanded its digital presence with showrooms in London, New York and Paris. Bringing together more than 200 artists, decorators, architects, and designers on its platform, and supported by a team of 50 talented and passionate individuals, Invisible Collection reconciles the old and the new, merging the traditions in decorative arts with innovative digital offerings.

le19M

About le 19M

Goossens, Lesage Intérieurs, and Studio MTX: three Maisons d'art represent the Métiers d'art of fashion, decoration, and design at le19M, a space dedicated to savoir-faire created on the initiative of CHANEL. Since the goldsmith Goossens began collaborating with CHANEL in the 1950s, several of the resident fashion Maisons d'art at le19M have moved into the fields of decoration and design. Indeed, Lesage Intérieurs has been designing, inventing, and handcrafting embroidery for furniture and decoration for over thirty years, and Studio MTX, created in 2013 by Atelier Montex, began with architectural embroidery to develop a unique combination of techniques drawing on different fields of the applied arts. The synergy of these Métiers d'art of decoration and design in the same building at le19M offers lovers of "haute facture", decorators, and interior designers among others, the opportunity to experience an unrivalled range of cutting-edge savoir-faire including goldsmithing, furniture embroidery, and architectural embroidery. Grounded in their respective Métier d'art and their own identity, these three Maisons d'art develop creations built on an unrivalled heritage, recognised expertise, and the leading innovations in their fields.
